# CURE4 CYSTIC FIBROSIS

*ALL FOR THE FIGHT.*

## MAJOR FUNDING ANNOUNCEMENT

**Cure4CF National Grant Round is now OPEN!**

We are thrilled to announce our inaugural grant funding round is now open and we need your help to spread the word!

Managed and administered in partnership with the National Foundation for Medical Research and Innovation (NFMRI), **Cure4CF will invest a minimum of $750,000 to**

**advance medical innovations in the area of Cystic Fibrosis (CF) over the next three years.**

This research will focus on developing therapies or cures that will result in a material increase in average life expectancy of people with CF.

The grant will be named the '*Cure4 Cystic Fibrosis Foundation – Barbara Stow-Smith CF Innovation Grant*' in honour of the Foundation's very first bequest.

Grants will be awarded for a period of up to three years, with funding commencing in late 2019 to early 2020. Expressions of interest close Friday 29th March 2019.

**For more information visit our website https://cure4cf.org/research-funding/.**

As a member of our CF Army we need **your** help to ensure every researcher in Australia knows about this amazing opportunity. Follow us on our social channels below and share our mission with your community to shine a spotlight on our new grant funding program.

We'll be back in touch as the round draws to a close with an update.

On behalf of everyone at Cure4CF, **thank you** for helping to bring us closer to a cure.

Together, this is a battle we are destined to win.

From the Cure4CF team.
